

# A Second Chances ↷

By William Sherfield

Up at 5:30 to start Our Day,  
Muck the Stalls, put out Water, Feed, and Hay.

GRAB a cup of coffee, halter and lead,  
Out to the Pasture for Our Mighty Steed.

Once in His Stall for Water and Feed,  
We go to the Tack Room for Items We Need.

Halter him up and Place Him on the Wall,  
Curry him out, watch Dust and Dander Fall.

BRUSH Him down, Pull His Mane and Tail,  
Check His Body, Make Sure all is well.

TAKE His Temp, His Respiration, and His Heart Beat  
Last But Not Least. Pick out His Feet.

Throughout the day, we muck out the stalls,  
For our Companions who Remember Old Race Calls.

The Groom Elite Program and the TRF,  
Give Second Chances for Retired Race Horses and  
Trainers like myself.
